Sir,

Subject - Additional staff to the Engineering Section

I have the honour to state that the present strength of the Engineering Section is as noted in the Margin The Municipal Engineer reported that the work turned out by the Engineering Section of THIS municipality is equal to that turned out by a division in the P W D and the staff provided is extremely insufficient when compared with that of the P W D He stated that paucity of hands not only prejuaices the legitimate works of the department but also results in delay in the disposal of subjects There are 3 permanent sub-overseer against 7 Mohallas of the City The Municipal Engineer therefore suggested that four more sub-overseers may be sanctioned permanently in addition to a senior graduate surveyor to assist the Engineer in the disposal of reference which are on the increase and a draftsman of the usual grade and a tracer He also requested for two more clerks--one to assist the licensing clerk and the other for correspondence

1 EXECTIVE	
a) Section Officer one	60-5-125-10-175
b) 3 Sub-overseers permanent	35-5/2-80
c) 3 sub-overseers temporarily continued every year after obtaining Government Sanction	
d) 1 Assistant Draftsman	40=5/2-55
II MINISTERIAL	
a) One Head Clerk	50-2-60
b) One Clerk on	40-2-50
c) Steno Typist	40-2-50
d) Three clerks one for licensing work one for cash work one for correspondence	25-1-40

The Staff Reorganisation committee of the Council who examined the matter in detail recommended to the Council that (1) the three temporary sub-overseers that are being continued year after year after obtaining sanction of Government may be made permanent and that a graduate surveyor may be given to assist the Engineer and

and one more sub-overseer may be entertained to assist Engineer and the Licensing Officer in granting building licenses the appointment of a draftsman of the lowest cadre was also recommended to be entertained the monthly sum paid to the City Improvement Trust Board discontinued and that the extra clerks asked for ~~the~~ by the Engineer are not necessary since a Stenographer has been given to him

The Municipal Council considered the recommendation of the Reorganisation Committee at their meeting held on 31st July 1947 and have resolved that the three temporary sub-overseers may be made permanent and a draftsman of the lowest cadre40-5/2-55 entertained and the payment of moiety of the cost of draughting establishment which comes to about Rs100/=P M to the City Improvement Trust Board ~~being~~ discontinued In enclosing a copy of the resolution of the Council, I request you kindly to accord sanction to the resolution of the Council, and communicate the same to me early Sufficient provision has been made in this behalf in the current years budget estimates for the purpose, under establishment ecessary proposition statement is also enclosed for reference It is to be stated that there will be a savings of Rs600/= per anum by the above arrangement
